# 19" 1U Modular Cable Organizer | With 7 Snap In Rings

The new concept of Cable Management Panel with 7 fully modular rings configuration provides high flexibility in cable management. The seven rotatable cable guiding rings allow for easy management of horizontal or vertical arrays of patch cables. Furthermore, any patch cable can be moved or replaced individually with no hassle, and no tools are required for mounting the rings onto the 13 slot frame.

| Rings in Vertical Position | Rings in Horizontal Position |
