

1U 19" Tool-less Finger Grip Snap-in Blanking Panel (Plastic)

Blanking panels are part of the energy-saving airflow management solutions for smart data centers. They are designed to minimize bypass airflow in racks and cabinets while providing a desirable appearance. This panel has a knob on each side to be installed and removed easily with fingers grip, and it just needs to be pushed in to snap in its fixed position.

Characteristics

- Constructed of injection molded black plastic
- 19" Blanking panels are suitable for all type of 19" racks
- Quick installation with tool-less design
- Integrated finger grips provide easy installation and removal
- RoHS Compliant
